

### **Medical Consultation Visits:**

These are Physician Appointments for chronic health issues or are complaints which have been present for a long period of time. (Several weeks to several months).

Examples of these visits would include, but not limited to:

- ADHD
- Headaches
- Abdominal Pain
- Behavioral or Problems at School

We schedule 30 minutes per visit.

Med Consult Visits are scheduled as soon as possible based upon the availability of the physician and the desired time of the family.

Please bring in any appropriate medical records, school records, test results, or current medications to this appointment.

### **ADHD Consults:**

These are required every 3 months and can be incorporated into a yearly check-up visit. This reminder form (below) will be given to you by our office staff.
